4 May 2022 from 10:00 to 13:00

*Teleconference*

### AGENDA

<b>1</b>	<b>Introductory remarks by the Chair; adoption of the agenda (10 min)</b>  The Chair will update members on the upcoming work organisation.
<b>2</b>	<b>Targeted consultation on a digital euro (30 min)</b>  Members will be provided with an overview on the recent <a href="#">consultation</a> launched by the European Commission and will be invited to share their initial thoughts.  <b>Presenter: LASZLO BUTT</b>
<b>3</b>	<b>Use cases analysis for a digital euro (80 min)</b>  The ECB will present its analysis on those payment segments that seem natural candidates to be prioritised among the possible use cases of a digital euro. This will include a debriefing on the feedback received from members on the set of questions addressed to them in advance.  An open discussion on the topic will follow. Those members interested in presenting their thoughts and contributions to the questions are invited to do so at the meeting during this timeslot (65 min).  <b>Presenter: FILIP CARON</b>
<b>4</b>	<b>Foundational design options analysis for a digital euro (55 min)</b>  The ECB will present an overview of the first design lot for a potential digital euro (online and offline, transfer mechanisms, type of remuneration, tools to avoid excessive use, level of privacy).  Members will be invited to share their initial thoughts. A written procedure will follow the meeting in order to collect members views on this specific analysis.  <b>Presenter: ANDREA PINNA</b>
<b>5</b>	<b>Closing remarks and way forward (5 min)</b>
