Request raised by: 4CB	Date raised: 19/05/2020	
Request title: Remove blanks from TIPS directory xmlns	Name of Central Bank: 4CB	Request ref. no: TIPS-0036-SYS
Categorisation of changes		
1. Functional/technical importance parameter: TBD	4. Legal importance parameter: TBD	
2. Operational importance parameter: TBD	5. Financial importance parameter: TBD	
3. Stakeholder importance parameter: TBD		
Status: Allocated to a Release		

Description of requested change:

Stemming from PBI000000204612, in the xmlns string of the TIPS Directory some unnecessary leading and trailing blanks have been identified. The aim of the current change request is to remove them from the xmlns string value.

Reason for change and expected benefits/business motivation:

The xml namespace (xmlns) definition for the TIPS directory (both for full and delta version) presents incorrectly blanks both at the beginning and at the end of the string value which represent the xmlns, as following

```
xmlns=" urn:TIPS:TIPSDirectory ">
```

The benefit expected from this change is to avoid an incorrect management of the xmlns. Blanks at the beginning and at the end of the xmlns have to be removed, as following

```
xmlns="urn:TIPS:TIPSDirectory">
```
