

6th April 1989

Dear Tommaso,

Please find attached the comments received from individual Committee members on the 2nd March draft Report, organised in accordance with the most recent version of the draft Report (31st March) and annotated with a remark concerning the acceptance or rejection of the comments. I have also tried to draft a brief note (User's guide) for the benefit of the Chairman. This note should be a first page in a folder of all comments, ordered by the name of the author. If that procedure is acceptable to you I would be grateful if you could send me your share of this rather tedious work as soon as possible; it would be enough if you simply annotate the pages received from individual Committee members by indicating the reference to the most recent draft Report and a remark about acceptance or rejection. Tina would then process them in the same way as she has done in the attached pages. I think it would be useful if we could send the whole batch before Friday night to Brussels, but of course we would also prepare the necessary folders for Delors and us here in Basle.

Best regards,

Gunter D. Baer
